www.finderware.com

SECTION A – Enter a book into FinderWare

Step 1

Open FinderWare by double clicking on the Books icon on your desktop.

The screen will look similar to this:

(The screen will look like this if you have not entered any books. If you have entered books, click on Enter Book from the list on the left side of the screen.)

Step 2

Click on the top "ISBN or LCCN" field. Enter the following number: 0345465083 and click on the "Find" button.

The screen will look similar to this:

Click on the "Save Book" button

Step 3

Go to My Library by clicking on it from the list on the left.

The page will look similar to this:

Double click on the *Seabiscuit* entry. The screen will look similar to this:

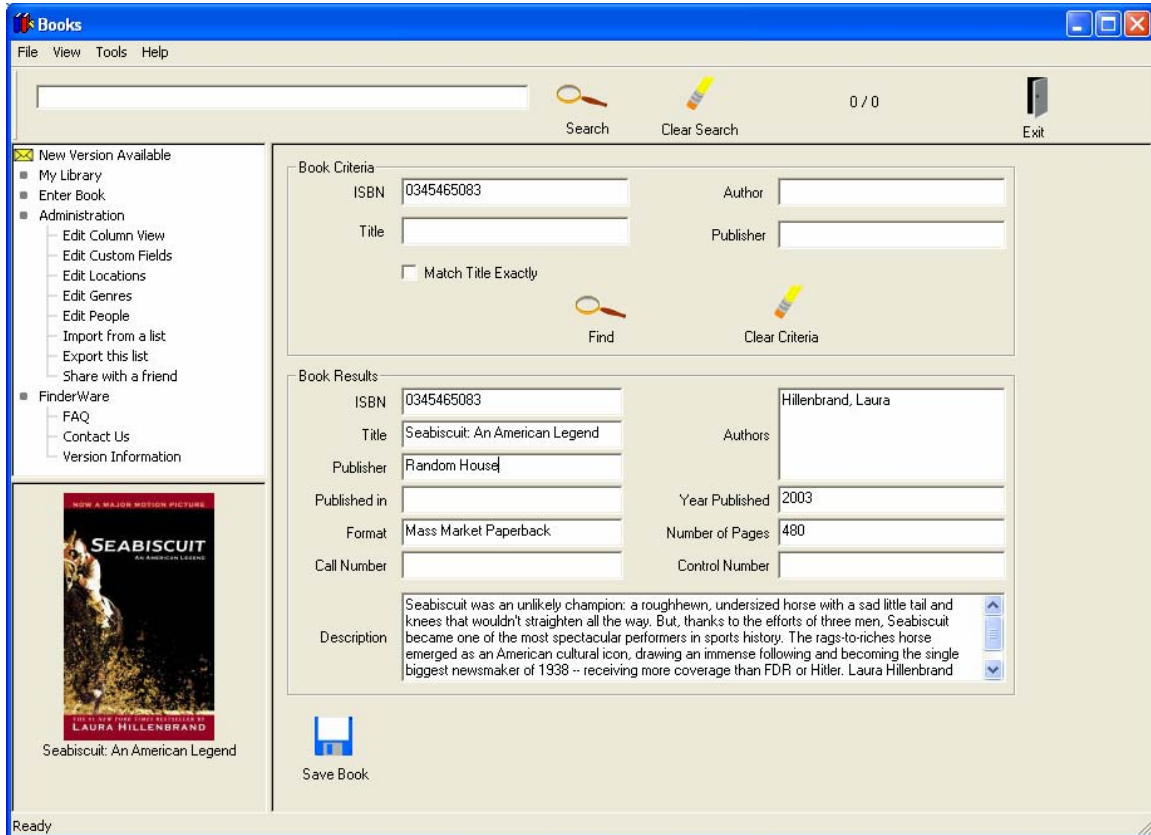

This is where all of the information is kept on your book. Click on any of the tabs above to view additional information on your book.

SECTION B – Enter your books into FinderWare

Step 1

Grab a few books off of your shelf. Pick a recent book with either an ISBN or an LCCN. Go to the Enter Book screen.

Enter the ISBN or the LCCN in the top ISBN or LCCN field. Click on the Find button. The screen will look similar to this:

Click on the "Save Book" button.

Repeat this step with several other books. Once you have entered them, continue on.

Step 2

Go to My Library. The screen will look similar to this:

You can change information relating to one, a few, or all of your books on the screen.

Highlight one or more of the books in My Library and then right click with your mouse. You will receive this list of options:

Selecting any of the above options will enable you to change that information for ALL of the highlighted books in My Library.
